Electric Needed? _____

You will need to supply all items for your space, such as table, chair et ale. You may purchase weekly admission tickets to allow you or your workers to come into the fairgrounds (you save one nights admission).

Set up should be completed 1/2 hour prior to the opening of the fair each day. Vehicles must be removed from fair grounds one/half hour before opening and WILL NOT BE ALLOWED BACK ON FAIR GROUNDS EACH NIGHT UNTIL CLOSING: 11:00 p.m. Parking will be in the public lot only, NO ON GROUNDS PARKING.

Electrical services may be provided from a centrally located pole outside the tent. You will have access to one outlet. Additional outlets may be used if they are available. You will need to supply any items you require including a heavy duty (16/3 wiring) extension cord should you need electrical hookup. You must list on this application the electric needed for your space. If not listed, you may lose the right to any electrical use since power is limited and maybe used for other purposes.

Security will be provided on the grounds from the first day of the fair until closing on Saturday night. You may set up once the tent has been erected but you are responsible for the security of your belongings since there will be no security until the opening night. You will need to remove your materials Saturday night after closing, as the tent will be removed early Sunday morning and all remaining items will be open to the weather.

Secure your area each evening and make sure that your insurance covers any loss or damages. Should you wish to purchase insurance through the Fair's Insurance Company, the costs for that rider will be provided upon request (usually \$70-80.00 for the week).

A space will be reserved for you ONLY after we receive your payment with this completed form and is on "first come first serve basis".
